

REDS MASS FOR MAJOR ASSAULT, IS TIP

County Fair For Variety

Governor Takes in the Fair

Perfect Weather Brings Big Crowd Through Gates

With a large afternoon crowd and a record-breaking Wednesday night attendance, the Fayette County Fair, which was interrupted by rain Wednesday forenoon, is now hitting its stride.

At noon Thursday, the crowd was pouring into the gates, with every indication that both afternoon and night crowds would reach most gratifying figures.

Wednesday afternoon's paid admissions at the gate reached 2258, and the night gate was 3361.

In addition to the paid admissions at night a large number remained on the grounds from the afternoon crowd. Many exhibitors tickets were not counted.

The Wednesday afternoon grandstand was 1187 paid admissions and the night grandstand paid admissions reached 2419.

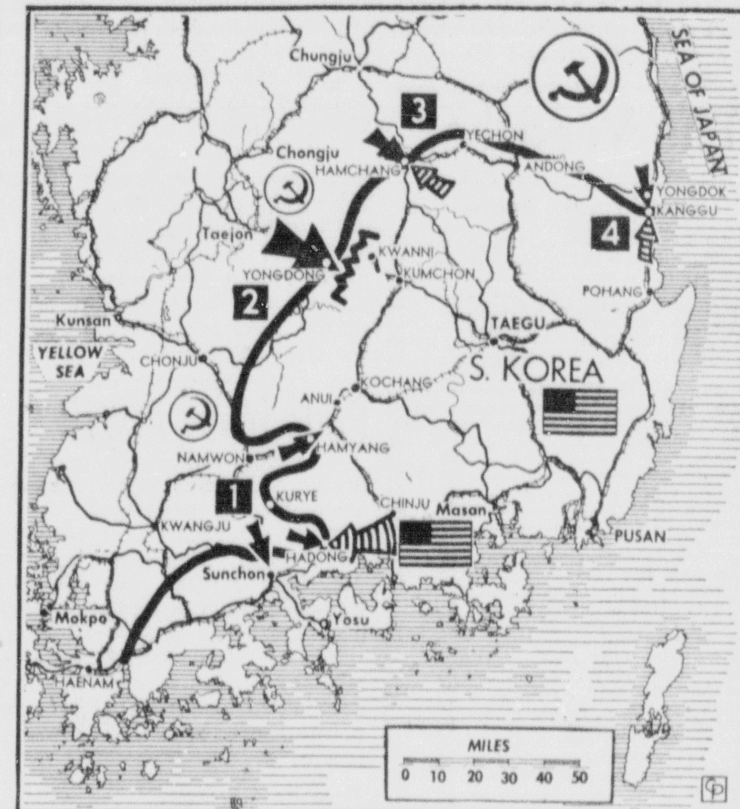

No one enjoyed the fair more than Governor Frank J. Lausche and H. S. Foust, state director of agriculture, who made a tour of the ground, taking deep interest in the exhibits.

Before the governor made his entrance into the grandstand for the Wednesday racing program, he passed among the exhibits shaking hands with the many persons he met.

One of the many was Dick Gillen, with an armful of racing programs being sold to help the Lions Club Child Welfare program. Gillen being quick on the trigger and, as all Lions eager to sell their programs, asked the governor to buy a program. The governor passed on by. Ralph Nisley who came along shortly was told by Gillen that he had been unable to make the sale to the governor. Nisley bought one, caught up with Ohio's leading citizen and presented it with his compliments.

Governor Lausche and Director Foust, spent nearly one hour in the grandstand, enjoying the races, and both were called to the Judge's Stand, where Frank Ellis, fair secretary, introduced Foust, who spoke briefly, and then introduced the governor.

Foust praised the Fair Board for the excellence of the Fair and stressed the importance of such events in promoting agriculture. (Please turn to Page Two)

U. S. TROOPS launched a surprise counter attack in southwest Korea (broken arrow) where a three-pronged North Korean offensive (1) was sweeping toward Suncheon, Hamyang and through Hadong. American forces drove the Reds back out of Hadong. The foe continued costly onslaughts east and northeast of Yongdong (2) against U. S. First Cavalry and 25th division defenses. South Korean forces counter-attacked (broken arrow) against North Koreans attempting to advance coastward in the Hamchang (3) area. Other South Korean forces counter-attacked at Kanggu (4), south of shelled Yongdok.

Some Advances Made by Yanks; Planes Big Help

MacArthur Returns From Battle Area Still Confident

By RELMAN MORIN
TOKYO, Friday, July 28—(AP)—North Korean troops and armor massed by night Thursday for an attempted knockout blow in the center of American defense lines.

General MacArthur's headquarters in a release early today said there was a lull along the whole battlefield, but that enemy pressure continued in such a way as to indicate the Communists were regrouping and remassing for a new assault.

MacArthur returned to Tokyo Thursday from a swift inspection tour of the Korean warfront. He was confident of ultimate victory but foresaw a long and difficult struggle ahead.

Headquarters said "aggressive patrols" in the southwest sector had pushed back a Korean Red column two miles to the vicinity of Hadong, 70 miles northwest of Pusan.

Two other holes were plugged on the approaches to Pusan—major American supply port. Other patrols moved into the highway town of Hamyang 78 miles northwest of Pusan and made contact with an enemy regiment in Namwon, about 22 miles southwest of Hamyang, headquarters said.

Fresh American Troops
Identity of the patrols was not made known, but it was in this area yesterday that relatively small numbers of fresh American troops were reported in action.

The situation in the center of the line appeared menacing even though headquarters reported no major or decisive action took place in the preceding 24 hours.

From the front Associated Press Correspondent William R. Moore reported three large Communist columns were concentrating east of Yongdong in front of the U. S. First Cavalry.

A spokesman at General MacArthur's headquarters in Tokyo said two of the Reds three best (Please turn to Page Two)

Wage-Price Controls Not Needed Yet, President Tells Newsmen

WASHINGTON, July 27—(AP)—President Truman repeated today he thinks there is no need now for price-wage controls. But considerable sentiment for them in Congress was demonstrated when a House committee turned down a "freeze" bill by only one vote.

With that vote—it was 10 to 9—out of the way, the House banking committee then approved a large part of Mr. Truman's proposals for limited economic controls to organize the home front behind the fight against Communist aggression.

The committee did not complete action on the administration bill, but oked sections providing authority to force use of plants and materials for military and other essential purposes.

Rep. Kunkel (R-Pa.), offered the committee a substitute for the Truman bill. Kunkel's measure called for a general freeze of prices and wages, and would authorize a system of rationing, if needed.

Having lost by one vote, Kunkel indicated he would offer the plan again when the administration bill reaches the House floor.

Not Needed Now
President Truman's statement that he doesn't think all-out controls are now needed was made at a news conference. He had been asked for comment on the proposal from Bernard M. Baruch for an immediate "ceiling on everything."

Before the Senate banking committee, further light on the administration's thinking was shed by Attorney General McGrath.

Under questioning from Senator Sparkman (D-Ala.), McGrath said the question of all-out controls and rationing had been "thoroughly discussed" by President Truman and his advisers and their conclusion was that they are not needed now "if the conflict does not spread beyond Korea."

But McGrath also said: "We still may have to come to every one of them."

Sparkman said consumer prices, including food costs, had soared since the Korean fighting. He suggested it would be easier to clamp on price lids now than later when they are higher.

Peyton Ford, assistant attorney general, broke in to say adequate taxes and controls asked should halt price increases.

Sparkman asked if the \$5,000,000,000 tax increase asked by President Truman would be adequate.

McGrath replied that others (Please turn to Page Two)

Boy Resourceful; Proud of Brother

NEW HAVEN, Conn., July 27—(AP)—Some subscribers of the New Haven Journal Courier had the answer today on why they received their morning paper folded backward.

There really was no mystery. The newsboy who delivered the paper was a brother of Sgt. William Kelly, a member of the National Guard anti-aircraft battalion which has been called to active duty August 14.

Sgt. Kelly's picture appeared on the back page of the newspaper.

Military Transport Crashes Off Japan

TOKYO, July 27—(AP)—A C-47 military transport plane with 26 persons aboard—believed to include four war correspondents—plunged into the sea today 10 miles south of Japan's Oshima Island.

General MacArthur's headquarters announcement of the ditching said one survivor was picked up and others are being sought.

The four war correspondents left the Tokyo correspondents club for Korea early Thursday. They were identified in an unofficial list as:

James O. Supple, Chicago Sun-Times; Maximilian Philonenko, Agence France Presse; Stephen Simmons, Hilton Press and London Picture Post; and Albert Hinton, who represented the Norfolk Journal and several other Negro newspapers.

HEIDELBERG, Germany—(AP)—U. S. Army headquarters European command announced today it had frozen all enlisted and officer personnel in Europe for six months, beginning August 31. This means all home leaves are cancelled after Aug. 31.

SYDNEY, Australia—(AP)—Supply Minister O. H. Beale said today Australia must mobilize her industry for all-out war—even as the country began recruiting a force to fight in Korea.

TAIPEI, Formosa—(AP)—The defense ministry said about 500 Chinese Communists today landed on tiny Taitan Island, two miles off Amoy, but the invaders were either killed or captured by Nationalist defenders.

SAN FRANCISCO—(AP)—Local 6 of Harry Bridges' International Longshore and Warehousemen's union last night cast a heavy majority vote for a right-wing resolution "unreservedly condemning" the Communist invasion of South Korea.

WASHINGTON—(AP)—Senate crime investigators promised today to keep a sharp lookout for any sign of war-spawned black market operations by racketeers and criminal gangs.

They warned that shortages caused by the Korean fighting and an expanded military program are likely to draw "racket money" into trading in scarce commodities.

SAN FRANCISCO—(AP)—Stepped-up work in San Francisco Bay shipyards is expected to have 16 reactivated cargo ships ready for sea duty by next week.

Bandits Hunted After Holdup

Bank in Cincinnati Robbed of \$40,000

CINCINNATI, July 27—(AP)—A well-groomed trio of bank robbers was still at large today with an estimated \$40,000 taken from the Corryville branch of the Fifth Third Union Trust Co.

Police and FBI agents were working on two leads.

One lead concerns three men, whose descriptions were said to tally with those of the bank robbers. The three left their Highland Avenue apartment last night minutes before several police prowl cars converged on it.

The other lead centers around a Fort Wayne, Ind., man found riding in an allegedly stolen auto. Kentucky State Patrolman Bill Newman picked him up after a chase near Williamstown, Ky., and brought him to the Georgetown jail. Officials there said early today that FBI agents have not yet arrived to question him. He was booked as Joseph F. Tibbs, 34.

Three Enter Bank
The three gunmen entered the bank shortly before its 2 P. M. closing time yesterday and cowed (Please turn to Page Sixteen)

FOR VARIETY OF ENTERTAINMENT and assortment of people you just can't beat the Fair. Harness horse racing, of course, has long been one of the keystones of entertainment in rural America. Fayette County is no exception. In the top photo at left, William Webb, driven by McKinley Kirk, of Washington C. H., is shown with his nose on the wire as he won the first dash of the four-day race program. True Linn, driven by Carl Short, is second. Along the fence around the race track the Record-Herald cameraman caught Carl Lauther entertaining his pet chimpanzee, "Cheeta," with a coke while out relaxing from their Midway sideshow entertainment. The roving cameraman got the picture of Peggy Wall (lower left) catching a few winks in her tent near the Midway. Even the flash of the camera did not awaken her. Esta Roberts, another sideshow performer, shows the cameraman how she walks up the ladder of swords barefooted in the picture at lower right.

(Photos by Ken Ruggles of DP&L)

Meanderings

By Wash Fayette

When Ernie Smith was presented as the winning driver of Julianna Chief, winner of the 22 pace Wednesday, he said, "This is my first race win at the Fayette County Fair in four years." Smith, always a consistent winner at other meetings, has had extremely bad luck racing on his home grounds. The last win I can remember, without a check of the records, his horse backers were awarded \$102.00 for a \$2.00 ticket at the pari-mutuels.

One Washington C. H. youngster claimed to hear the "honk-honk" when his mother pointed out the large horns on a wild deer during their recent vacation in northern Michigan.

Fayette County is well represented among the race drivers at the 1950 fair. Jack Casey, Ernie Smith, McKinley Kirk, Frank Lanum, Ray Garrity, Eddie Cobb, Bob Valley and Clayton Cox all raced horses in Wednesday's races, and all either own, train or live here during the off season.

One of the exhibits attracting a lot of interest at the Fair is not in the competition for ribbons or awards—it does not even have a class.

It is the Brahma cattle brought in by Lowell Thompson.

Sam Marting, superintendent of the cattle department, made a place for them among the more familiar Angus, Herefords and Shorthorns where they are grabbing the attention of curious farmers.

The Brahmas were brought here by Thompson and Dr. H. L. Little from Florida and are among a number of them now grazing on the farm near Jeffersonville.

The Brahmas, with the big humps on their shoulders, are being developed in Florida as beef cattle. There is only this one herd of Brahmas in Fayette County, so far as known.

Harold Sheridan Seeks County Post

Harold Sheridan, 1104 North North Street, has taken out nominating petitions to get on the ballot as a candidate for Fayette County commissioner.

If he succeeds in getting the re-

Daughter Hides Axe From Her Father on His 99th Birthday

DAYTON, July 27—(AP)—Ben Gray searched and searched for his axe today.

And if he finds it, by cracky, "I'm going to chop down those two pesky old trees in the backyard."

Ben's prospects of finding his axe, however, are remote. His daughter hid it.

Mrs. Walter Mathias isn't worried about those trees in the backyard; she's worried about her father.

When a man reaches 99, she figures, it's time to quit chopping wood. So she hid the axe last week when Mr. Gray celebrated his 99th birthday at their home in nearby New Lebanon.

Sheridan who took out the peti-

quired 89 valid signatures of Fayette Countians, Sheridan will run as an independent. Clifford Hughes, on the Republican ticket, who is seeking election for the first time as a commissioner, is the only other candidate. Only one commissioner is to be elected in the November balloting here.

M. L. Lyons, chairman of the Fayette County Democratic committee, said the Democratic organization here "probably would back Sheridan." He said, however, that the committee will have to meet in the near future to vote on whether or not to lend support to the new candidate.

Although he may receive the support of the Democrats here, Sheridan's name cannot appear under the Democratic ticket on the ballot. All candidates who get on the ballot by petition merely have their names listed on the ballot without any designation as to party.

Only those elected in a primary are put on the ballot as a party candidate. Hughes was nominated in the Republican primary in May.

Sheridan who took out the peti-

tions just this week could not be reached for comment Thursday morning.

Recovery of 'Slots' Sought by Sheriff Following Seizure

BELLEFONTAINE, July 27 (AP)—Court action to recover two slot machines touched off a sheriff-prosecuting attorney controversy in this Logan County seat last night.

It ended with the prosecuting attorney, James R. Goslee, seeking some help from Brig. Gen. Kenneth Cooper, assistant adjutant general of Ohio.

Goslee asked if he could store 10 or 13 seized slot machines in the Ohio National Guard Armory here. Brig. Gen. Cooper said yes.

The 12 slots were seized in the Bellefontaine area by Special Deputy Sheriff Harold Hatcher. Sheriff E. K. Sargent promptly lifted Hatcher's special deputy commission, but declined to say whether he acted because of the slot raids.

Prosecutor Goslee ordered the 12 slot impounded in a warehouse operated by W. L. Daniels—under armed guard.

Yesterday morning, Ellis G. Walt filed a replevin suit in the Logan County common pleas court against Hatcher and Daniels, seeking to recover two machines. Walt was described as "bailee" in the suit, not the owner of the machines.

Later, Sheriff Sargent was reported to have taken two slot machines to his office.

He claimed he did so because he had received a summons in the replevin action from Clerk of Courts Ruth Cranston.

GOP Now Torn by Internal Row As Strategy Chairman Resigns

WASHINGTON, July 27—(AP)—Internal dissension within the Republican national committee came to light today with the resignation of Arthur Summerfield of Michigan as chairman of the party's strategy committee.

In a letter to national committee members and other party officials, Summerfield charged National Chairman Guy G. Gabrielson planned to let the strategy group "die on the vine."

party's executive committee had "urged me to dissolve the strategy committee" in view of regional party conferences being held at various cities.

The strategy committee was formed during the regime of Gabrielson's predecessor, Rep. Hugh D. Scott, Jr., with the aim of taking over active direction of the drive to elect a GOP Congress in November.

Its members include representa-

Begin Tour of Ohio

COLUMBUS, July 27—(AP)—Ohio state grange officers begin a tour of Ohio today on which they will confer the sixth degree on grangers in the following places: Zanesville, today; Carrollton, Friday; Kent, Saturday; Jackson Center, Monday; Otterbein Home, four miles west of Lebanon, Tuesday, and Jackson, Wednesday.

Four Offices Here Robbed

Biggest Haul Made From PCA Safe

Burglars visited four offices in Washington C. H. Wednesday night and obtained over \$200.

Most of the money was taken from a safe in the Production Credit Association's office, managed by Baldwin Rice. It is over the G. C. Murphy Store.

In addition to obtaining \$200 from the Production Credit Association's safe which, police said, had either been left unlocked or the combination worked by the intruder, the law offices of Charles S. Hire and John Bath were rifled, but nothing was missing.

Also the Sunshine Laundry on East Street, was broken into and \$5 taken from the cash drawer.

Entrance was gained to the law offices and Production Credit Association offices by the burglar climbing a fire escape, entering a window which was not fastened, and jimmying a door to Bath's office.

At the Sunshine Laundry, the panel of a side door was forced without difficulty.

Police are investigating the robberies, but admit that clues are very meager.

City Playgrounds To Reopen Friday

After a day off Thursday, the city's youngsters will return to the playgrounds Friday to continue their summer recreation program activities.

The playgrounds were closed all day Thursday to give the city recreation program employees a chance to see the County Fair.

Friday, however, things will be back in full swing again. Early in the morning a group of boys who make up the Knott League All-Stars will take off for a hardball game in Chillicothe. A couple of regular league games are also slated Friday morning and of course, the four directors will be on hand at the playgrounds to supervise the many other activities.

Flash Bulb Burns City Editor's Hand

Neil Hercules, city editor of the Record-Herald, had his right hand severely burned Wednesday afternoon by a camera flash bulb that went off while he was holding it.

After treatment at Dr. Robert Woodmansee's office, he was taken to Memorial Hospital where he stayed until Thursday afternoon.

Hercules was putting the bulb in the flash attachment in a camera when it exploded and seared the flesh over the entire palm and fingers of his right hand.

Hercules, who lives at 329 East Street, was on his way to the Fair to take pictures of Gov. Frank J. Lausche for the newspaper Wednesday afternoon when he stopped off at the Downtown Drug Store to photograph a window display of 4-H Club trophies there.

It was when he was putting a bulb in the flash attachment to take a picture of this display that the accident occurred.

He was taken to the hospital in the Hook & Son ambulance.

Bomb Blast in Italy

ROME, July 27.—(P)—A small bomb exploded in the foyer of a Rome moviehouse last night during the showing of an atomic bomb spy film and ten persons were bruised in the panicked rush for exits which followed.

Recreation Program Display Is at Fair

If the people who make possible the city recreation program with a two-tenths of a mill tax levy would like to see what it is doing for the youngsters, they can get some idea from the display in the Merchants Building at the Fair this week.

And, Fred Pierson, the recreation director, and members of the Recreation Commission, said they hoped the display would not be overlooked. They are proud of this bit of evidence of what the program is accomplishing and make no secret of it.

In the display, which has been set up in a booth provided by the Craig Store, are examples of handicraft in a wide variety and pictures taken by the Himmel-spach Studio during last week's big field day at Gardner Park.

Someone is at the booth nearly all of the time to answer questions explain what the program is and what it does.

Governor at Fair

(Continued from Page One)
Governor Lausche spoke for a short time, praising Fayette County as one of the leading agricultural counties in Ohio, and gave figures showing how Fayette County's farms produced more than a great many other counties in Ohio.

He complimented the Fair Board on its good work in bringing together everything possible to make a worthwhile Fair, and

It has greater PENETRATING POWER. With undiluted alcohol base, it carries the active medicine DEEPLY to kill imbedded germs ON CONTACT.

You MUST be pleased or your 40c back at any drug store. Apply FULL STRENGTH for athletes foot, F.O. (FUNGUS), itchy or sweaty feet. Today at Downtown Drug Store.

expressed his deep pleasure in being able to attend the Fair.

Racing Is Delayed

Wednesday afternoon's racing did not start until 4 P. M. due to the heavy track following the rain earlier in the day.

The big night crowd filled the grandstand to capacity for the second performance of Ward Beam's Daredevils whose thrills with automobiles and motorcycles brought rounds of applause.

The crowd also filled the midway and exhibition buildings, remaining until a late hour. Milling about the midway the good-humored throng heavily patronized the various attractions.

The exhibition buildings were crowded for hours, and the great number of exhibits came under careful scrutiny.

Machinery, automobile and other exhibits came in for their share of attention by both afternoon and night crowds.

A double program was on the boards for the grandstand crowd Thursday night, with parade of livestock starting at 7:30 P. M. to be followed by the Western Horse Show, which promises to be an outstanding attraction.

Most of the judging was completed during Wednesday, and the placing of ribbons in many of the classes required expert skill due to the close competition.

Reds Mass Attack

(Continued from Page One)

division—the Second and Third—are massed in that sector.

From a forward post with the First Cavalry, Moore reported American artillery has opened a thundering bombardment of Communist infantry concentrations.

The air force sent swarms of jets and Mustangs over the area spewing rockets into Red lines and pouring fire into the advancing troops.

Reds Beaten Back

Fifteen miles northeast of Yong-dong at Maromyon, the 24th regimental combat team, the only Negro combat unit identified in the Korean campaign, beat off a Communist attack late yesterday.

The combat team, attached to the U. S. 25th Division, is in the defense line that swings north-eastward to Yongdong.

To the east in the 200 mile battlefront are South Koreans attacked the Reds. At Hamchang they drove forward seven miles aided by American planes. On the east coast they advanced on Yong-dok with land artillery and naval guns supporting them.

Between the planes and South Koreans using bazookas, six enemy tanks were knocked out in the hot action, which may be the prelude to what appears to be the biggest battle of the Korean war.

A certain of U. S. artillery fire met the attacking Reds, who aimed their attack at vital supply lines on the road to Pusan, U. S. supply port on the southeast coast 90 miles from Yongdong.

A Communist radio broadcast from Pyongyang, capital of North Korea, claimed a U. S. warship

was sunk off Yosu, in Southern Korea, by coastal batteries.

Planes Aid Soldiers

American troops, aided by the close support hammering of fighter planes, were reported to have recaptured Hadong, 70 miles west of Pusan. Hadong was the deepest eastward penetration of the Red scythe sweep down the Yellow Sea coast and across southwestern Korea.

Clear weather gave Allied air power another day of free-for-all hunting—mostly along the front. U. S. and Australian fighters and American light bombers shot up tanks, trucks and troop concentrations. They were joined by American and British carrier-based planes which ranged the central front for the first time. U. S. B-29 Superfortress bombers struck at North Korean supply lines and communications behind the front.

TIME IS PRECIOUS

WASHINGTON, July 27.—(P)—Announcement that Britain is sending, and other United Nations countries may send, ground troops to Korea comes in one of the darkest hours of American military history.

What American military men want now are more combat-ready troops—quickly, urgently. How quickly? There are no firm estimates now, but the next two or three weeks can be highly critical.

United States army troops fighting the Red invaders of the Republic of Korea do not yet have their backs to the wall—but the room is getting alarmingly smaller. In the strategy of trading space for time, they are running low on both commodities.

Wage-Price Controls

(Continued from Page One)

must answer that.

From Senator Taft (R-Ohio) came a prediction that the Truman control proposals "will inevitably lead" to price-wage controls and consumer rationing.

Taft made the prediction in a speech recorded for Ohio broadcasts. He gave copies to newsmen here.

Mr. Truman, in response to the questions about Baruch's proposals, said that if wage, price and manpower controls come they will come together as part of all-out mobilization. He said he hopes we will not have all-out mobilization.

Baruch gave his views to Congress yesterday. The lawmakers themselves appeared divided on his proposal with most members apparently against any all-out mobilization right now. There were others, however, who called for full-scale, economic mobilization with consumer rationing and wage-price controls.

A-bomb Use Unlikely
President Truman also told his news conference:

1. He is not now considering use of the atomic bomb in the Korean war.
2. Steps are in the making to deal with any traitors or saboteurs

Livestock Prices

(FAYETTE COUNTY YARDS)
WASHINGTON C. H.—Fayette Stock Yards—200-240 lbs 24.25; sows 18.50 down.

WASHINGTON C. H., July 27.—(Union Stockyards Wednesday Sale)—Cattle receipts, 142. A very active and strong cattle market today; cattle grading

in the present emergency. Those steps will not infringe on the bill of rights, he added.

3. The state and defense departments are working on proposals for increased military aid to European allies. He said these proposals will be presented to Congress before it adjourns.

4. He did not want to make any comment now on peace prospects; that it would be better to wait for a few more developments. A reporter had recalled that only a couple of months ago the president had said the outlook for peace was better than it had been at any time since 1945. The newsmen asked if the president still felt that way.

On the question of wage and price controls, Mr. Truman said he thought his economic message to Congress had covered that. He said then he would not hesitate to ask for them if he thought they were needed.

A reporter said there were rumors around Washington that price and rationing steps were already in the making and were to be set in force by Labor Day.

The president said that was news to him.

Another reporter wanted to know whether, if prices are rolled back, they would be rolled back to the June 25 level as Baruch proposed.

Mr. Truman said he would cross that bridge when he came to it. But such a step, he went on, is not being considered now.

At the capitol, Attorney General McGrath made a plea, meantime, for quick passage of the controls asked by President Truman. McGrath was before the Senate banking committee, the same

choice up to 32.60; mediums 27.50-30.00; common 24.50-26.50; cutters kinds low-ter, cows \$18-25.50; canners and cutters 15.50-17.50; shells lower; all grass cattle steady with last week; bulls 26.80 down; stocker and feeders 22.70 down. Crackpots Loose with Term 'Reactionary'

We've wondered a lot lately just what a reactionary is, for it seems to be such a dirty name in politics.

Anyone who does not believe in the deficit spending of our government is labeled a filthy reactionary who should be shunned.

But as far as we can see this type of fellow is not as reactionary at all. He is a real progressive.

In fact he might even be called a "leftist" for his thinking is far from the old established line.

Now, it isn't hard to see that any one favoring economy in government isn't reactionary at all, but looking ahead to something new and different.

For if we ever did have a debt-free government, "hardly a man is now alive who can remember that famous day and year."

If there is one thing in our way of living that is old and established it most certainly is a national debt.

Living in debt is so familiar and matter-of-course that perhaps it seems silly not to want to continue in the "established way of doing things."

But we do have a few crackpots who want to be progressive and move ahead to some thrilling debt-free way of living.

Economy in government isn't going back to anything archaic at all for it is something we have never experienced.

A government operated within its income is as startling to us as were the possibilities of busting the atom.

So what's the matter with us? Are we afraid to change to something new and progressive?

The fellow who suggests living within our income certainly isn't favoring going back to the "good old days."

For the "good old days" consist of debt and more debt and that is certainly just where we are and have been.

Maybe we've been all wrong about knowing just whom they are talking about when they say "reactionary."

But it would seem to us that the birds who want to continue to tax and spend are the ones who are harking back to the old established way of living, thinking, and doing things.

Editorial reprinted from
Cripple Creek (Colo.) Times-Record

Listening Parents

A reporter who recently interviewed juvenile court officials in a midwestern city found that all of them, from a matron of a detention home to the judge of the court, agreed that many youngsters get into trouble because their parents do not listen when they try to discuss their troubles.

These experts told of many homes in which parents and children were almost strangers to each other, and no confidence existed between them. Unfriendliness and antagonism drive children away from home toward questionable activities which lead to serious trouble, they have found.

Many mothers are busy all day, and most fathers are tired when they get home at night, but no activity can possibly be so important in the long run as sitting down with a receptive attitude to listen to a child. There are different kinds of listening, too. One, with a bristling, accusing attitude, stops confidences before they are started. The right kind of listening is casual, relaxed and sympathetic. That kind pays dividends in the confidence and good behavior of the children.

Children are people. Cooperation with them works; indifference and antagonism never do.

IN THE PROBATE COURT OF FAYETTE COUNTY, OHIO.

Lulu S. Hays, administratrix of the estate of Eliza Stakley, deceased.

LEGAL NOTICE

The unknown heirs, devisees, legatees, assignees, executors, administrators, and legal representatives of Otto Hancher, deceased, will take notice that Lulu S. Hays, administratrix of the estate of Eliza Stakley, deceased, on the 23rd day of June, 1950, filed her petition in the Probate Court within and for the County of Fayette, State of Ohio, alleging that the personal estate of said decedent is insufficient to pay her debts and the charges of administering her estate; that she died seized in fee simple of the following described real estate, situate in the County of Ross, Village of Clarkburg, and State of Ohio, as follows:

Being Lot Number Ninety Three (93) in Templin and Jamisons Addition to the Village of Clarkburg, as will more fully appear by reference to the recorded plat of said addition, reference to which is here made.

The prayer of said petition is for a sale of said premises, for the payment of the debts and charges aforesaid.

The said defendants are required to answer said petition on or before the 4th day of September, 1950, or judgment will be taken against them.

Lulu S. Hays, plaintiff.

Ringworm of Scalp Highly Contagious

By HERMAN N. BUNDESEN, M.D.

RINGWORM of the scalp is ordinarily a disease of children. Since it is highly contagious, it frequently infects a whole school before its presence is discovered, occurring most frequently in children from six to seven years old.

It is interesting to note that some cases of ringworm infection of the scalp tend to recover without any treatment. In all instances, the disorder clears up by the time adolescence or maturity is reached.

Loss of Hair

Ringworm of the scalp causes a spotty loss of hair, with some scaling and itching. The condition may be definitely diagnosed by the use of what is known as a Wood's filter lamp, a type of ultra-violet light. When the light is shown on the scalp in a dark room, the area affected by ringworm develops a green phosphorescence or glow.

The treatment of this condition is carried out along three lines. One is the removal of the affected hairs by pulling them out. The second method is removal of the hairs by X-ray, and the third is the use of preparations on the scalp which help to destroy the ringworm parasite.

Of course, removal of the hair with X-ray treatments must be carefully carried out so as to avoid an excessive dosage.

One preparation recently employed on the scalp for ringworm contains iodine. It is put up in cotton-seed oil with what is known as a wetting agent, and it is suggested that the use of this type of solution will produce a cure in seven out of 10 cases within a period of from three to three and one-half months.

Spread of Condition

In all cases, the treatment of ringworm of the scalp must be thoroughly carried out and the child not allowed to have contact with other children until completely cured in order to prevent spread of the condition.

Removal of the affected hairs is an essential part of the treatment. If treatment with the iodine preparation does not produce a cure within three months, X-ray removal of the hair is usually necessary.

The earlier the ringworm is discovered and treated, the better the results will be.

QUESTIONS AND ANSWERS

R. Z.: Do nerves cause, or have any effect on the throat, such as hard breathing or a choky feeling?

Answer: Nerve disturbances are quite frequently responsible for this type of disorder. The condition is known as globus hystericus.

You should have a study made by your doctor to determine the cause.

District Court Denies Rehearing of Appeal

COLUMBUS, July 27—(AP)—The second district court of appeals yesterday denied a rehearing of the appeal of attorney Thomas A. Joseph of Zanesville, convicted in Franklin County on subornation of perjury charges. The court previously upheld Joseph's conviction on one charge that he induced a client to give a false Columbus address to get a "quicke divorce."

"IT'S SO EASY TO PLACE A WANT AD"

NOTICE TO CONTRACTORS

Sealed proposals will be received by the Board of Education, Bloomington Village School District, Fayette County, Ohio, at the office of William J. Purcell, Clerk, at the school building, Bloomington, Ohio, until 12:00 o'clock noon E.S.T., August 26, 1950, for the furnishing of all labor and materials for the construction of gymnasium at Bloomington, of fireproof construction, in accordance with drawings and specifications and contract documents prepared by John Quincy Adams, Architect, Registered 444, 33-35 South Champion Avenue, Columbus, Ohio, which are on file at the office of the Clerk of the Board of Education and at the office of the Architect.

Copies of plans and specifications and contract documents may be obtained from the Architect's office upon application and satisfactory evidence of intention to bid and upon deposit of \$10.00 for each set. The amount of deposit for one set will be refunded to each bidder, submitting a bid, and upon the return of drawings and specifications within thirty (30) days after the date of closing of bids. Standard proposal forms furnished by the Architect's office shall be used and signed by the bidder.

A certified check of bank draft, payable to the Clerk of the Board of Education, or a satisfactory bid bond in an amount equal to 5% of the bid shall be submitted with each bid. The successful bidder will be required to furnish a satisfactory performance bond in the amount of 100% of the contract sum. No bid may be withdrawn after the scheduled closing time for the receipt of bids for at least thirty (30) days.

The right is reserved by the Board of Education to reject any or all bids and to permit any reasonable informalities in bidding.

Board of Education,
Bloomington Village School Dis.
Fayette County, Ohio.
Gordon Cowdery, President.
William J. Purcell, Clerk.

It's Hard To Get to War in Korea

By Hal Boyle

U. S. EIGHTH ARMY HEADQUARTERS, Korea —(P)—Getting to the Korean battlefield is as hard as buying ten quick tickets to a hit Broadway play.

It is that popular. You have to stand in line to get there.

Just why this is true, I don't know. The people I have met so far seem to fall into three classes, none of which you would think would be interested in fighting.

1. There are the old line officers who have been through two world wars and could retire -- but they are still eager beavers in the service. They refuse to retire while the guns are still firing.

2. There are the brave boys below voting age who should have a lifetime of peace and education to look forward to -- and yet they willingly put their bright future on the altar of patriotism.

3. There are young married men with children to raise. Wouldn't you think they would say "my family first, my country afterward?" But somehow they don't, bitter as the decision is.

To tell the truth, I didn't buck people from all three of

these classes who want to get there ahead of you. There is a backlog all along the line and it is a kind of privilege to make the trip over.

To tell the truth I didn't feel much that way myself at first. I thought it didn't make any real difference to me whether I came one week or the next. I know enough about war to realize that it always goes on longer than it is expected to.

But it only took Don Whitehead, and old buddy from the Second World War, and myself about 49 hours to fly from New York to Tokyo. Then, after getting our gear and credentials, we were stymied for 72 hours going from Tokyo to Korea because of a typhoon.

That seems to me something our people at home don't realize -- how much a part the weather plays in this war and how cleverly the North Koreans timed their attack to get the benefit of the rainy season.

You can fly 8,000 miles to Tokyo in two days and then be held up three or four days getting 800 miles from there to Korea.

It isn't of historic importance, of course, that a couple of correspondents were delayed three days by a big wind from getting to their assignment. But it is important that for much of that time the ground forces in Korea didn't get the full air support they desperately needed.

The plane we finally got off on carried people of the three classes I mentioned earlier -- the boys, the young men with families, and the older men with eagles or silver maple leaves on their shoulders who won't leave a fire while the flames are showing.

Because of further bad weather and a low priority I was among a group that was bumped from the plane and lost an extra day on the way. So did some of the boys and the young men with families. The older brass got through probably for a good reason -- they were more important.

But everyone who was held over resented it. So did most of the guys who had spent as much as ten days at that forward airbase in Japan trying to get over. It is a standing room only situation.

Why? I think it is because of the magnificent stand made by the lone 24th Infantry Division which for weeks stood by itself for America. The United States is a funny country. Like England it doesn't dissolve in time of trouble. It pulls together. Danger knits us more than prosperity.

That is why so many today want to pay the debt of honor we feel we owe the so-called green kids who held as best they could with the little they had for the nation that is now going to give so immeasurably more to win.

Another 'Letter To the Great'

By George Sokolsky

My Dear Senator Tydings:

I took considerable time and care to read your report on the Communists in the State Department. It is an unfortunate report and will plague you all the days of your life, particularly as you issued it when our boys are being killed in Korea because of the errors made by those who conducted our foreign policy and whom you were supposed to investigate.

It is a pity that you lent yourself to such a small business. You may hurt Joe McCarthy but you cannot silence the conscience of America which is crying:

"Why did it happen? How could it have happened? Who arranged things in such a way that five years after a war is over, our sons are again dying in the malarial marshes of Asia?"

Say what you will about Joe McCarthy, we are actually being forced to fight in Korea, to mobilize for war, to set up priorities.

BIG BOY that parks like a midget

YOU look at the king-size wheelbase on this strapping Buick ROADMASTER.

You look at those long Buick-tapered fenders sweeping from bumper to "double bubble" tail beacon.

You step inside and luxuriate in legroom and hiproom and headroom generous as old-time hospitality.

You ride it—and wonder if wings were ever so soft.

You feel that big bonnetful of Fireball power whisk you from standing start to road speed with the honeyed magic of Dynaflow Drive.

And you tell yourself this is entirely too perfect.

All this automobile must be hard to handle, too big for your garage.

Good sir, just slide over and take this ROADMASTER's wheel.

Pick a curb space you'd ordinarily pass by, and back this Buick into it on your very first try.

Here Buick has done a neat job of reducing over-all inches while

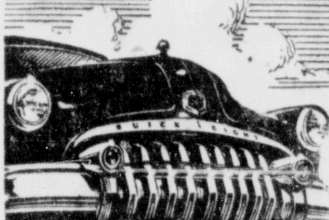

keeping interior king-size comfort. When you wheel this whopper into your own garage, you'll be tickled pink at the room all around it.

So come on! Head for your Buick dealer's now for a tryout of a Buick ROADMASTER.

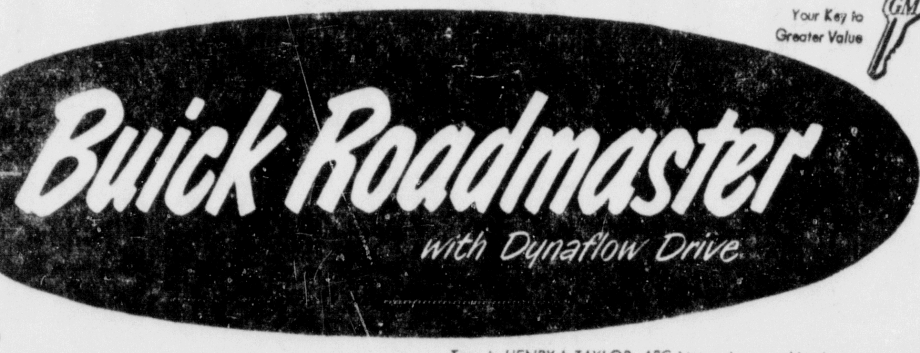

You will find it in a selection of body types, in finishes to suit a queen's taste—and at prices to make you wonder why anyone ever pays more.

Only BUICK has Dynaflow—DRIVE*

and with it goes: HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models) • NEW-PATTERN STYLING, with MULTI-GRAD front-end, taper-through fenders, "double bubble" taillights • WIDE-ANGLE VISIBILITY, close-up road view both forward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube • WIDE ARRAY OF MODELS with Body by Fisher.

FOUR-WAY FOREFRONT—This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

Phone Your BUICK Dealer for a demonstration Right Now!

The Nation Today

By JAMES MARLOW

WASHINGTON, July 27—(AP)—This is what President Truman's request for higher income taxes means.

To pay for re-arming, he asked Congress to:

1. Boost the tax on individuals and corporations right now and, if necessary, more later.

2. Leave the present excise taxes unchanged and plug loopholes that allow some to get off tax-free on some investment earnings.

His proposals follow:

For individuals—

An increase about mid-way between your present tax and what you paid on income for 1945, the last big wartime tax year. For example:

Proposed: about 20 percent tax on the lowest taxable income, ranging up to 91 percent on the highest.

In 1945 it was 23 percent on the lowest to 94 percent on the highest. Under present law it's 16½ on the lowest and 82 percent on the highest.

As an example in dollars and cents, take a married man with two children and a taxable income of \$5,000.

In 1945 — his tax was \$755; now —\$432; proposed—\$532.

For corporations —

Under present tax law corporations are divided into two groups: those earning less than \$50,000 and those earning more.

For the under-\$50,000 firms, the present law goes like this:

On the first \$5,000—21 percent tax; on the next \$15,000—23 percent; on the next \$5,000 — 25 percent; on the other \$25,000—53 percent.

The present tax on corporations making \$50,000 or more is a flat 38 percent.

Mr. Truman proposed to change this and make it a flat 25 percent on the first \$25,000 of taxable earnings and 45 percent on all above that.

Strangely, this would mean a tax increase for all corporations except those between \$30,000 and \$70,000. They'd actually get a cut.

Why? Government experts tried to work out a simple, usable formula to cover all firms and the formula happens to give the \$30,000 - \$70,000 group a break.

The president did not suggest—at this time, anyway—an "excess profits" tax on corporations.

On excise taxes—

Excise taxes are special taxes on

certain kinds of goods, like furs, jewelry, luggage and toilet preparations. The present tax on them is 20 percent which is what you pay when you buy them.

There are other excise taxes of various things, like telephone calls, theater tickets and so on.

Mr. Truman asks Congress to let these taxes stand untouched. The government, he says, needs the \$7,000,000,000 they produce.

On loophole closing—and other things—

Life insurance companies: because of a defect in present law, life insurance companies for the past three years have not had to pay any income taxes on profits they got from investing their money, such as in real estate.

Mr. Truman wants the law fixed so they'll have to pay tax on their invested income, but not the money they get from policyholders.

Charitable institutions and colleges: under present law they don't have to pay taxes on profits they get from some outside business which they operate.

Mr. Truman wants the law changed so college and charitable institution will have to pay tax on any income from private business ventures.

Council Meeting Wednesday, Aug. 9

Due to the Fair activities, council did not meet Wednesday night, and the next regular meeting, will be held Wednesday, Aug. 9, City Manager W. W. Hill announced.

Much business is expected at the forthcoming meeting as result of no meeting this week.

Thales, Greek philosopher who lived from 640 to 546 B. C., often is identified as the "first electrician" because of his observations of frictional electricity and magnetism.

Housework Easy Without Nagging Backache

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions.

If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 50 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief — help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Consumer Resistance Slows Food Price Rise

(By The Associated Press)
Consumer price resistance halted the month-long advance of retail food prices this week and some cuts dropped 10 to 30 cents a pound in competitive super-markets.

Other meats held about steady. Frying and broiling chickens were unchanged to up six cents a pound. Eggs advanced one to six cents a dozen.

Sheffield Farms, a national dairy products corp. subsidiary, announced milk would go up one to 1½ cents a quart on Aug. 1 in most of the New York metropolitan area.

War-scare buying of some food staples continued. Sales of sugar, particularly, were far above normal even for the canning season. Stores in many areas were being cleaned out of their sugar supplies soon after opening their doors each day.

Most refiners conceded their working inventories of refined sugar are all but exhausted—but spokesmen hastened to add that the shortage is only in the supply pipeline, not in raw sugar stocks which are reported ample. Several refineries are operating 24 hours a day—and have been for the past three weeks—to get the raw sugar processed to relieve the current buying rush.

Reports of Hoarding
However, there were scattered reports that hoarding of both sugar and coffee appeared to be tapering off.

The Agriculture Department, in a summary of the national food situation, said the speculative buying of food in recent weeks was "substantially similar to those occurring in 1939, which receded as soon as consumers realized that food supplies were adequate."

Describing the price break this week in Pork Times, a pricing official of a major nationwide store chain said:

"Both wholesale and retail prices of pork went too high, too

fast. Last week-end, shoppers started staying away from pork in droves. Supplies backed up, and prices had to be trimmed to move the backlog. Pork may firm up a little by this week-end, though, because overall demand for meat continues brisk."

Aside from pork, the only other items lower priced in most places were in the produce departments: Blueberries, broccoli, carrots, celery, sweet corn, pears, oranges and grapefruit. Good quality lettuce and ripe tomatoes were a little higher than last week-end, and an Agriculture Department marketing specialist said it may be a couple more weeks before tomatoes will be in liberal supply. The crop was delayed this year by unfavorable weather in many growing sections.

Food Prospects
Taking a long look at food prospects for the next six months, the department's production and marketing administration said the principal effect of the Korean situation is likely to be a stronger food demand as employment and consumer incomes rise with a speeded defense program. Military food purchases are not expected to have much effect on demand or supplies this year.

The Dun & Bradstreet wholesale food price index this week climbed eight cents from a week ago to \$6.49—highest since Oct. 5, 1948. The index represents the total wholesale cost of a pound each of 31 general use foods—and 21 of those foods were higher this week. The index has risen almost nine per cent since the Korean outbreak, and is 13.3 per cent above a year ago.

—Man, You're Crazy**

Forget your age! Thousands are peppy at 70. Try pepping up with Oetres. Contains tonic for weak, run-down feeling due solely to body's lack of iron, which many men and women call "old." Try Oetres Tonic Tablets for pep, younger feeling this very day. New "get acquainted" size only 50¢. For sale at all drug stores everywhere.

From where I sit... by Joe Marsh

Take Your Choice

Sitting around last Friday evening, the talk turned to the best way of getting to sleep when it seems you just can't. "The way I always do," says Sandy Johnson, "is to breathe deep and make believe I weigh a ton."

"Just throw away the pillow—it works every time," says Buzz Ellis. When counting sheep came up, right away was the question: What kind of sheep?

From where I sit, you could argue 'til Doomsday and never get complete agreement on a lot of things. Now, take me. I'm all for

having a glass of beer or ale on occasion. Your "social beverage" may be a "Coke"—or buttermilk or maybe a cup of hot coffee.

But enjoying our preferences is a right in this country and each of us is entitled to his own. The important thing is to respect that right in the true democratic spirit of understanding! As a matter of fact, what a tiresome old world this would be if we all did have the same likes and dislikes!

Joe Marsh

36c SAVE 36c
THIRTY-SIX CENTS
FAMOUS KIDNEY AND LIVER MEDICINE
INDIAN ARROW ROOT

By Cashing this Coupon you can get a full size \$1.25 bottle for 89¢

We want every family to have a bottle of Indian ARROW ROOT, while supply lasts. To prove the value of this wonderful product of Nature, we make this liberal offer. In the treatment of Stomach, Gall Bladder, Liver and Kidney trouble you will be delighted with its mild thorough results.

Within eight hours it will usually drive poisons from the body that are black as ink. Rheumatism and Neuritis pains and aches will as a rule start to disappear the second or third day, as nature is given a chance to function and regular elimination is restored.

Swelling and stiffness usually requires eight to ten doses. However, Bloating, Indigestion and Gas in the stomach are usually relieved with but one dose. Regulation of the bowels is most important and you will usually depend on full and free elimination within eight or ten hours after taking the first dose.

Each person will be limited to two bottles, as we want this special offer to benefit as many families as possible. And if you purchase the two bottles at the same time the full purchase price is only \$1.75.

For Constipation and Nervousness alone it is a God send to any Man, Woman or Child who will take it. You can take one tablespoon of INDIAN ARROW ROOT in a glass of hot water and it will stop indigestion faster than all the Soda you can get in your stomach.

If you are bothered with Stubborn Cough or Cold, take one tablespoon full of INDIAN ARROW ROOT in a glass of water—add one teaspoon full of soda. Stir well. Within two to three doses your Cold will usually disappear.

You will receive the large \$1.25 family size for only 89¢. The saving of 36¢ to you is made possible by the cooperation of the INDIAN ARROW ROOT Laboratories, and is good only while the present stock lasts. INDIAN ARROW ROOT is sold to you on an absolutely money back guarantee. If you are not satisfied with results, your purchase price will be refunded by your dealer.

This special offer is good only as long as present stock lasts, so take this coupon to your local dealer at once.

Horticulture Awards Made

Zimmermans Lead In Blue Ribbons

The team of Elmer and Clara Zimmerman led in the number of first prizes in the fruits and vegetables exhibit judging at the Fair by totaling 21 first premiums. Sixteen of the blue ribbons were awarded for fruit exhibits alone.

Willard Kirk and K. L. Arnold tied for first place prizes in the vegetable department by each being awarded with six blue ribbons.

Kirk won first place awards with exhibits of potatoes, cabbage and squash.

Arnold specialized in onions by winning three firsts with his display. He was also awarded blue ribbons for his tomatoes, pimientos and beets.

Best plate early Ohio potatoes—1. Willard Kirk; 2. Norman Wilson; 3. Harry Lewis.

Best plate early triumph—1. James Baughn, Jr.; 2. K. L. Arnold; 3. T. C. Carr.

Indian's Face On Stone Is Unusual Piece

While tens of thousands of Indian relics have been found in Fayette County, and tremendous numbers of these reminders of the stone age have been picked up in Ohio generally, one of the most unusual stone pieces ever owned in the county was a glacial granite stone bearing the face of an Indian.

The stone, now owned by Frank Sharp of near Kingston was unearthed in Madison County 50 years ago, near the Madison-Franklin County line, and for years was owned by Luther M. Irwin, who resided on the State Road a mile east of Jeffersonville.

It was found by a crew of men engaged in grading for a railroad and a Negro workman obtained it and sold the unusual piece to William Irwin, of London.

When William Irwin died on

December 23, 1916, his Indian relic collection was purchased by his brother, Luther M. Irwin, who in turn died in 1934.

Mrs. J. A. Wissler, daughter of Luther Irwin, states that after her father's death, Frank Shipley, of West Jefferson, obtained the collection, including the Indian face stone, and he in turn sold it to Frank Sharp, the present owner.

The stone is some nine inches by seven inches in diameter, and the face is well defined in the hard granite stone. It definitely is the face of an Indian.

In all probability it was carved by an Indian skilled in stone working, and carving was probably done several hundreds of years ago.

The stone is the subject of a feature article by B. E. Kelley, this city, in the official publication of the Ohio Indian Relic Collectors Society.

The most unusual Indian stone

ever found in the county was a stone gorget bearing the date 1704, which was taken from a gravel pit in northeastern Fayette County 15 years ago, and is now in the Ohio State Museum.

Farm Bureau Fears Marketing Surplus

WASHINGTON, July 27—(AP)—The American Farm Bureau Federation raised a cautioning hand today against proposals that the government put its farm surpluses on the market to hold prices down.

In its official news letter, the farm organization said government stocks should be conserved for possible later more urgent needs.

"Since no one can be certain of the duration or the extent of our present military operations,

it would be most unwise for the government to encourage the dissipation of our food and fiber reserves at this stage," the bureau said.

The Farm Bureau said "we should not forget that surpluses disappear in war, and that some foods, such as butter, which are now in surplus supply, were rationed in the last war."

In the fiscal year 1949 two of every five applications for Farmers Home Administration loans were by veterans.

A Pledge to the American People

by

The Great Atlantic & Pacific Tea Company

We will resist all unwarranted price rises with all our might.

We will make every effort to hold our inventories at the lowest point consistent with good service to our customers, because hoarding, whether by wholesalers, retailers or consumers, will cause higher prices.

We will continue to maintain the lowest profit rate generally prevailing in the entire retail industry. Our net profit now is less than one cent on each dollar of sales.

We will continue to strive for more efficient distribution.

We will fight waste of food, or time, or money all along the line so as to narrow the spread between wholesale and retail prices.

We will devote all our energies to giving you the most good food for your money every day of the week.

We will strive always to do what is honest, fair, sincere and in the best interest of our country and our customers.

As most of you know, this company and the low cost, low profit policies that built it are under attack.

We are defending ourselves against a suit brought by the anti-trust lawyers to put A&P out of business.

But the greater conflict in which our country is now engaged takes precedence over all else.

Today, with our boys fighting in Korea, we believe that all citizens and all businesses, big and little, should devote themselves wholeheartedly to the public interest.

We promise the American people that we will cooperate unhesitatingly with our national government in the present crisis.

We promise you that we will continue to do everything in our power to put more buying power in your food dollar and more good food on your dinner table.

Bread Entries
Hard To Judge
County Women Are
Excellent Cooks

If the degree of good cookery can be measured by any one judge or a number of judges, then Mrs. Gerald Stephenson is among the better cooks of Fayette County when it comes to bread and pastries.

Mrs. Stephenson was awarded first prizes in the bread category and took three second place awards in the pan rolls division.

There is not a shadow of doubt that all the others who entered their baking and cooking exhibits are among the most excellent in the country. If they weren't, they would not even have been a third place ribbon.

Mrs. Russell Giebelhouse excelled in chocolate fudge and peanut brittle. All the other entrants were excellent and hard to judge.

Best loaf white bread—1. Mrs. Gerald Stephenson; 2. Mrs. Ralph Agle; 3. Mrs. Robert H. Wilson.
Best loaf graham bread—1. Mrs. Gerald Stephenson.
Best loaf nut bread—1. Mrs. Gerald Stephenson; 2. Mrs. Marvon Mark; 3. Mrs. D. G. Waters.

Baseball Pitcher
Gets Draft Orders

MARION, July 27—(P)—John Lacey, 21-year-old pitcher for the Marion Red Sox in the Ohio-Indiana baseball league, today received orders to report for a pre-induction physical examination in the draft.

Lacey's orders came from his home town of Somerville, Mass. The Marion pitcher, a right-hander, has won eight and lost four with the second-place Red Sox.

The head of the sperm whale, largest of the toothed whales, is one-third the animal's total length.

FLAKORN
CORN MUFFIN MIX
DRESSES UP MEALS

Serve your guests corn muffins you'll be proud of. Flakorn has the quality no other corn muffin mix has been able to equal. And the ingredients are precision-mixed for sure results. Just add an egg and milk.

CUPLETS
CUP CAKE MIX
SUCH QUALITY!

Here's quality that no other cup cake mix has been able to equal. Cuplets makes 12 to 18 light and tender cup cakes or one nine inch layer. Precision-mixed for sure results. Just add an egg and milk.

FLAKY EVERY TIME WITH
FLAKO
PIE CRUST MIX

Your pie crusts can't fail with Flako. Flako ingredients are precision-mixed for sure results at every baking. And no other pie crust mix has been able to equal Flako quality. Just add water.

Victim of Amnesia
Identified at Last

COLUMBUS, July 27—(AP)—Police have identified a victim

of amnesia, who asked help last Saturday, as John Markwell, about 38, of Breckenridge, Pa., a community near Pittsburgh.

Markwell remembered some things about Canton, Ohio, and

his marriage there Nov. 28, 1935. This provided the clue to his identity, police said.

But, one tip on Markwell's name came from a Columbus woman who read about Mark-

well remembering the name of a doctor named "Glenn." She told police Dr. Glenn M. Dowell was a Canton surgeon.

A check of records in St. Peter's Church in Canton disclosed a John

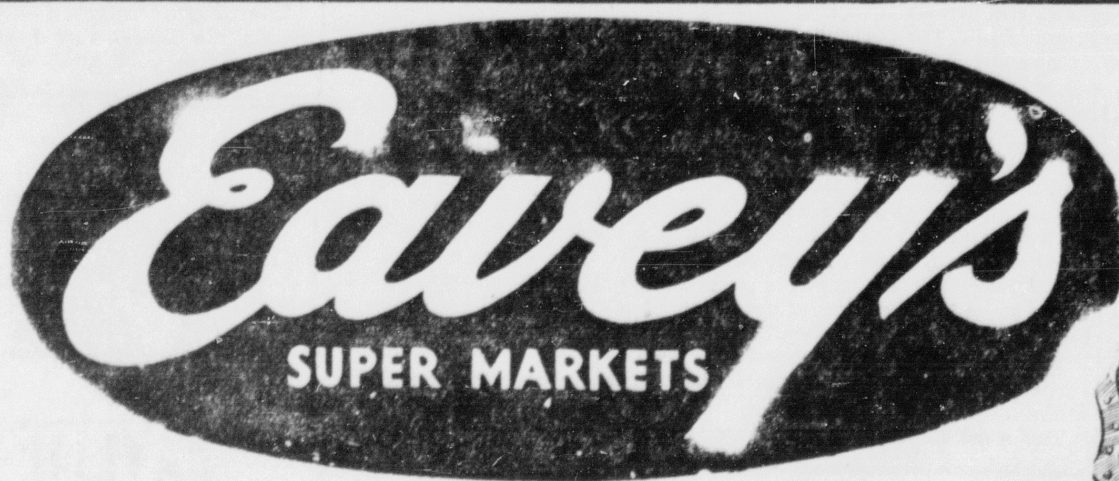

Markwell had been married there on the right date.

Ceramic art reached a high degree of development in Egypt as early as the 16th Century B. C.

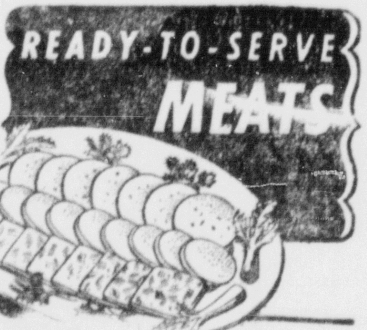

10 The Record-Herald Thursday, July 27, 1950

Celosia or cockscomb—1. Mrs. C. S. Kelley; 2. Clara Zimmerman; 3. Mrs. Laura Hughes.

Pension Hike To Be Sought

WASHINGTON, July 27—(AP)—Congressional leaders hoped today to place on President's Truman's desk before the end of next week a bill to boost federal old-age pensions. It would also bring 10,000,000 more workers into the retirement system.

Pension rates for persons retiring in the future would be increased about 100 percent, while payments to about 3,000,000 persons already drawing benefits under the old-age and survivors insurance program would go up an average of 7 1/2 percent, effective Oct. 1.

Maximum benefits for a family would be raised from \$85 to \$150 a month.

To finance the expanded social security program, payroll taxes collected by the government would more than double over the next twenty years, rising from \$2,500,000,000 this year to about \$6,000,000,000 in 1970.

The taxes are paid by employee and employers on a 50-50 basis.

READ THE CLASSIFIED ADS

Morgan Registered Against His Will

DAYTON, July 27 — (AP) — Registered involuntarily, Arthur Morgan II still refuses to carry a draft card.

Federal officials registered the 18-year-old grandson of a former Antioch College president and TVA chairman yesterday. Then dropped failure to register charges against him.

They made the registration under a little-used provision of the 1948 Selective Service Act. It allows draft board clerks to register unwilling men from information obtained in an interview.

Morgan told newsmen there he refused to register because he believed the draft law is a war measure. He said he was reared a Quaker but is not associated with that religious denomination.

Falling for a Bee

CHICAGO — (AP) — Mrs. Rose Hart heard the buzz of a bee in her apartment. She shouted it to a window and removed the screen to let it get out. But she lost her balance and fell 18 feet to a sidewalk. She suffered slight back injuries.

Three Horses Win 2 Dashes On Opening Day of Fair Here

Although delayed for two hours by the heavy condition of the track, all eight dashes of the opening day of the four-day harness racing program of the Fair here were raced Wednesday afternoon.

The time of the races was several seconds slow, but the early morning rain did not lessen the thrill that comes to Fayette Countians once a year.

Three of the races were won in straight dashes and in the other each of the winners was in the money in both dashes.

William Webb, a bay colt by Wilmington, owned by Kirk and Custis of Washington, C. H. was easily the outstanding colt of the \$1,000 two-year-old pace.

With McKinley Kirk at the reins, he took the first dash by a length over True Linn, owned by Thurman G. Sheppard of Marysville and driven by Short. In the second dash, he took the measure of Burbon Castle, driven by Clayton Cox, just as convincingly.

True Linn was fourth in the second dash and Burbon Castle had finished sixth in the first. Victory

Pat was third in both dashes. William Webb, well liked by the crowd, paid only \$4.40 to win in the first dash and \$4.80 in the second.

Two Dash Winners

Sisco Kid won the first dash of the 15 class trot by a good three lengths. Bob Eric was second and General Forbes, who broke as he started to make his move going into the stretch turn, finished third.

General Forbes came back to win the second dash with Sisco Kid second and Robert Direct third.

Sisco Kid and Robert Direct are both from G. Damon Baker's Belle Aire Stable. Casey was at the reins for Sisco Kid and Frank Lanum of Washington, C. H. drove Robert Direct.

Ernie Smith of Washington, C. H. handled the reins for General Forbes owned by Collie Lamb of Payne.

Juliana Chief Wins

Juliana Chief, a bay mare by Bert Abbe and owned by Walter J. Michael of Bucyrus, won both dashes of the 22 class pace not be-

ing hard pressed in either. Ernie Smith handled the reins.

The thrills of the race were produced by the driving finishes for the next three positions.

Jerry's Lady, a chestnut mare by Jerry M. the sire of the great Jerry the First, was second in the first heat. She is owned by Anderson Brothers of Washington, C. H. and was driven by Bob Valley of Washington, C. H. She finished third in the second dash.

Joan Abbe, a bay mare by Bert Abbe and owned by Donald Gray of Sabina, came back to finish second in the second dash after jumping off her chance in the first when she finished sixth. She was driven by Eddie Cobb of Washington, C. H. She was one of the horses Cobb shipped here for the Fair from Roosevelt Raceway in New York.

Mary Knight, owned and driven by Ray Garrity of Washington, C. H., was third in the first dash and sixth in the second.

Both Dashes Won

Helen Van, a bay filly by Gay Song, won both ends of the \$1,000 three-year-old trot. An entry with Nancy Grimm by the Holtzmillers and Elliott stable, Helen Van was a favorite in the mutuels, paying the short price of \$4.80 and \$2.40 to win.

Nancy Grimm was second and third.

Silk Lace, another of the horses shipped here from New York by Cobb, finished third in the first dash but came back to place in the second. She was driven by McKinley Kirk while Cobb drove Ima Lady. Both are from the Millspring Stable.

Although most of the races were marked by fairly close finishes, there were no long shots.

Reds Blow Game To Giants, 3-2

Indians Close in On Leaders in AL

BY JACK HAND
(By The Associated Press)

The old habit of defeating themselves has popped up again to haunt the Cincinnati Reds.

Errors now are playing a big part in topsy-turvying a Redleg win spree into a losing streak.

A miscue by Virgil Stallcup helped the Giants take a 3-2 decision from the Reds yesterday to sweep the two-game series. He booted an easy double play grounder in the second, setting up two Giant runs.

Cincinnati drew level in the fifth. Joe Adcock singled, Stallcup followed with a looper and Homer Howell walked to fill the bags. Lloyd Merriman's single and Connie Ryan's long drive brought home the two markers.

A single by Dark in the seventh, a sacrifice and Maglie's Texas leaguers broke the deadlock and made the final count 3-2.

Sad Sam Zoldak, ticketed for San Diego in May, has pitched Cleveland to within 1½ games of the American League lead with three relief wins in a week.

They actually handed Zoldak carfare to the Pacific Coast League on cut-down day. At the last minute, Hank Greenberg, tribe permanent manager, changed his mind. Johnny Berardino, veteran infielder, went to San Diego instead of Sam. Hank never will be sorry.

When Mike Garcia was knocked out of the box in the third inning of last night's game with the A's, Zoldak came in. He held Philadelphia to two hits the rest of the way for a 6-2 decision.

Cleveland's surge is only one factor of a developing situation that has turned the American League race into a four-club battle. With Detroit's lead sliced to a half game over the New York Yankees, Cleveland coming strong and the revived Boston Red Sox on take march, anything can happen.

The Red Sox made it two straight over Detroit yesterday, 1-0, on Bobby Doerr's home run and Mel Parnell's five-hit pitching. It was the fifth loss in the last six starts for the Tigers.

Joe DiMaggio, making a late summer comeback, slugged a two-run homer to help the Yanks whip St. Louis, 6-3.

Rain postponed the Washington at Chicago game in the third inning.

The Phillies scored six runs in the sixth inning against Chicago to increase their National League lead to 1½ games with a 6-4 win. Brooklyn clinched the season series with St. Louis, with a 7-5 triumph that made it 12 out of 17 this year. Switch hitter Jim Russell hit two homers, one right-handed and one left-handed, to lead the Brooks--the first off-ender Harry Brecheen, a southpaw, and the second off Red Munger, a righthander.

Stan Musial hit safely in his 30th straight game. Pittsburgh teed off on Vern

Heinz Plays Universal in Semi-Finals

The match softball fans have been waiting for in the County Tournament is coming up Thursday night.

Dr. Heinz and Universals are to tangle for a spot in the finals.

The winner of the match is to play Drakes for the chance to go on to the district meet in Sabina next week, and with these honors at stake the atmosphere should really be tense over the Wilson Field diamond when the umpires starts the game at 8 P. M.

Some idea of how close the two teams are matched can be gained from looking at their records in regular league play.

The Heinz men are undefeated in eight games whereas Universals have won seven and lost two. One of the Universal losses was to Drakes, the other to Heinz.

The game with Heinz in the second round of play was really a thriller. Heinz grabbed an early 1 run lead, then Universals bounced back with two runs only to see the Heinz men win 3-2 in the last inning.

The same two moundsmen who pitched this see-saw battle will probably be up against each other tonight. They are Ken Robinett, southpaw for Universals (3 and 1) and Raney, star Heinz hurler (7 and 0).

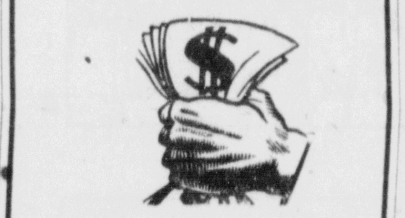

Baseball Results

King-Kashers Play Friday

Fairborn Lassies To Be Opponents

The King-Kash girls will try to make the Fairborn lassies from over Dayton way their ninth victim of the season in Friday night's game at Wilson Field.

The girls will take the field at 7:30 P. M. in the preliminary to the final game of the county tournament.

So far the high-flying Washington C. H. girls have racked up eight wins against two losses in establishing themselves as one of the top teams in this area.

The King-Kashers have been showing a wealth of hitting power which behind the fine twirling of Margaret Patton has topped a number of stiff teams, including ones from Dayton and Springfield.

Right now the whole club is battling at the terrific clip of .371 with 114 safeties to show for 307 at bats. In a few games, the girls really splurged on errors, so their fielding average is not quite so hot. In all, they have committed 61 miscues, but in eight of their ten games they have kept the error total below six.

In all the games, the gals have displayed both good individual and team play. Some of the King-Kashers have built up some impressive records, especially in the hitting department.

Just to prove it, here are the top sluggers with more than 20 times at bat:

Player	AB	H	Perc.
Wilt	28	10	.357
Brandon	32	11	.344
Patton	36	12	.333
Brown	26	8	.308

In addition to wielding a mean bat, Patton is also the mound regular for the King-Kashers and her record includes a no-hit, no-run performance against Jamestown.

Her total pitching record is 7 wins and 2 losses. Dodds turned in the other win with a 6-hit stint over Hillsboro.

Here are the scores of the King-Kash games so far: Over Hillsboro, 7-5; over Springfield, 8-5; over Hillsboro, 9-1; over Dayton Power and Light home office, 14-6; to Springfield, 8-0; to Dayton NCR, 15-1; over Canal Winchester, 6-5; over Jamestown, 13-0; over Hillsboro, 5-1; over Chillicothe All Stars, 12-3.

Louis Has To Fight To Pay Income Tax

CHICAGO, July 27—(AP)—Joe Louis, retired heavyweight boxing champion, reportedly was headed today for an Indiana training camp to prepare for a title bout with champion Ezzard Charles.

The 36-year-old Brown Bomber, king of the heavyweights for 11 years--longest reign in heavyweight history--was reported getting ready to return to the ring to get some money to pay back taxes.

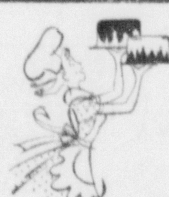

During his fistie career Louis earned nearly \$4,000,000. The report that Louis will return to the ring gained stature yesterday with his departure with advisor Fred Wilson for a West

Baden, Ind. training site. His trainer, Mennie Seamon, also was reported enroute to West Baden with training equipment.

Truman Gibson, the Brown Bomber's manager, has said Louis will fight in September if he can reach an agreement with the government. Louis said he must "pay his income tax like everyone else and fighting Charles seems the best way to do it."

Gibson was in Washington reportedly to find out how much Louis owes the government on 1946 and 1947 income taxes.

The 1904 Washington Senators and the 1920 Detroit Tigers got off to the worst starts in major league history -- they lost their first 13 games.

Universals Blank Legion 7 to 0 And Drakes Dump NCR in Tourney

Two powerhouse teams displayed some masterful softball Wednesday night as Universal pounded out a 7 to 0 win over Hughey Legion and Drake's slugers slaughtered NCR 16 to 4 at Wilson Field.

Universal's center fielder Belles had a field day by slugging out a homer, a triple and scoring three runs for three trips to the bat. Dawes connected for a complete circuit and a double.

Twirler Steele fanned eight Legion men and held the losers to two hits. Losing pitcher Irons and

right fielder Morgan got the only hits for the losers.

The winning Universal nine scored runs in the first, third, fourth and sixth frames. Three runs crossed the plate for the winners in the sixth.

Although the NCR nine lost to Drake's by a terrific score, their team spirit was high as they attempted rallies all through the game.

Trailing at the end of two and one half innings 4 to 0, the NCR men scored twice on an error in the bottom of the third.

Drake's surged ahead after that with one run in the fourth and a big five tally in the fifth.

Two more runs were scored by NCR but it wasn't enough to overcome the huge lead the Drake men had built up.

Drake's put the game on ice by scoring six more runs in the top of the seventh.

Proximity Nears Record for Money

CHICAGO, July 27—(P)—Proximity, eight year old trotting mare, goes after the 73-year-old money winning record Friday night at Sportsman's Park in the \$15,000 Sportsman's trot.

With a bank account that now totals \$204,879, Proximity stands a chance of winning \$7,500 for first place in the trot which would surpass the \$206,462 set by Goldsmith Main in 1877.

The field includes Bangaway, owned by Saunders Mills stables of Toledo, O.

Softball Schedule

July 27—(County Tournament) semi-final match between Heinz and Universals (8 P. M.)

July 28—King Kash vs Fairborne (girls) game 7:30 P. M.; County tournament finals (8:30 P. M.)

July 31—DP&L vs. Barnharts (7:30 P. M.); Welders vs. Armbrust.

August 1—NCR vs. Hughey Legion (7:30 P. M.); Universals vs. Drakes.
